

ABSTRACT

A gene containing a DNA having the nucleotide sequence encoding any one of the amino acid sequences of the following (a) to (e):

(a) an amino acid sequence set out in SEQ ID NO: 1;

(b) an amino acid sequence having the sequence homology of 80% or more with (a);

(c) an amino acid sequence having the sequence homology of 90% or more with (a);

(d) an amino acid sequence encoded by a DNA having the nucleotide sequence set out in SEQ ID NO: 2;

(e) an amino acid sequence encoded by a DNA having the nucleotide sequence having the sequence homology of 80% or more with (d).
